MOTIV:
2021 Website

MOTIV uses Bitcoin and blockchain technologies to create circular Bitcoin micro-economies in impoverished and oppressed communities, radically transforming their prospects for the future. 5D Spectrum designed a site to profile the wonderful programs MOTIV is spearheading to make a difference in the world. The site features include custom program pages, a blog to showcase podcast and video content, and a donation system designed to accept Bitcoin to fund the programs.

BECOME PART OF SOMETHING TRULY REVOLUTIONARY

MOTIV is an agile, dynamic, international, non-profit, project management firm. Our mission is to execute projects for various partner organizations with the mindset of **Educating, Equipping, Empowering, Elevating, and Emancipating** people in communities with the greatest need. Our mission is bold, and we are always looking for energized supporters and more partners. If you represent an organization, business, or government entity which shares our vision, please contact us, we would love to discuss opportunities to work together.

If you are an individual or organization which is interested in offering financial support to our programs, please consider [donating here](#).
