MUSICIANS AT PLAY: 2020 Website

The Musicians at Play Foundation is a vibrant community of music professionals who partner with Los Angeles-area schools to deliver instrumental and vocal training, coaching, and mentoring to fundamentally change the way young people think about music, their ability, and their future careers in music and music related fields. 5D Spectrum designed a site with a focus on raising awareness for these fantastic programs and to provide a means to raise money using the Donor Box Donation platform. The site features an extensive events calendar integration to manage ticket sales and fundraising efforts.
