

# WordPress Website Maintenance for UK Businesses

We know WordPress inside-out, including the most popular plugins and themes.

We can help you with

An award-winning UK WordPress website maintenance service for businesses, charities and entrepreneurs that takes away your WordPress worries, forever.

## Our Process

### We Host

Specialist WordPress hosting to make your website smarter, faster and more efficient, making it work harder for your business.

### We Manage

Email us changes or new content to publish and our team takes care of the rest, saving you hours of time every month.

### We Maintain

Daily backups, 24/7 security and plugin updates to keep your site running smoothly and safely.

## Why WPMaintain?

Because you have better things to spend your time on, and you know it. For business owners who have a great WordPress website but don't have the time or skills to manage and update it themselves: we're here to save you from your WordPress worries.

### Saves your time

It will take less time for you to simply email us your request than to figure out how to do it yourself. Also, as a business owner you have better things to spend your time on.

### Saves your money

As they say, time is money and if we can save you hours each month updating content, fixing bugs and figuring out WordPress that's time you can spend on revenue-generating tasks instead. Ker-ching!
